Welcome to Rutgers Day
Explore our proud history as a colonial college and our bright future as a comprehensive research institution. This year, we celebrate programs from Rutgers Biomedical and Health Sciences, our new multi-campus academic, health, and patient services division, along with our entrance into the Big Ten Athletic Conference and its prestigious academic counterpart, the Committee on Institutional Cooperation. So whether you’re a first-time visitor or yearly attendee, we hope you will discover something new and wonderful about our great university…and have some fun along the way!

Pitch In
We have set a goal of diverting from landfills all waste generated during Rutgers Day. Help us reach this goal by placing your recyclables and compostables in the appropriate containers located throughout every campus. Look for facilities employees in special T-shirts to answer questions and field comments. Take this step with us, and reduce our carbon footprint!
